CAREER SUMMARY

Creative visual designer specializing in crafting attractive, functional interfaces for mobile and web applications. Proficient in translating brand identities into digital experiences, with a strong focus on responsive design and interactive elements. Skilled in utilizing tools like Figma, Adobe XD to develop user-centric UI that enhance user engagement and satisfaction.

PROFESSIONAL EXPERIENCE

UI DESIGNER — Visual Crops

Feb 2024 – Present | Hybrid

- News App Interface:** Created a clean, easy-to-navigate interface with custom icons and refined typography to enhance readability and improve visual flow
- Rehand Visual Redesign:** Redesigned the interface with modern components through an updated color scheme and ensuring a modern and trend-aligned user experience.
- Jhakaas Design System:** Collaborated on designing a vibrant and accessible UI, closely adhering to brand standards ensuring consistency with brand guidelines.
- Visual Asset Creation:** Designed promotional banners, social media graphics, and in-app illustrations that strengthened brand identity and improved visual engagement
- Animation & Microinteractions:** Implemented subtle animations and transitions in Figma prototypes, enhancing the interface's responsiveness and visual feedback mechanisms

INDEPENDENT UI DESIGNER

2025 – Present

- Code Cosmos Game Design:** Created an engaging game interface with themed visual controls, dynamic visual feedback, and playful responsive UI design for elements that support the educational content
- SNCH App Graphics:** Developed a unified visual style for banners, promos, and in-app assets, boosting brand consistency across platforms
- Dating App UI Design:** Created interface featuring a thoughtful interaction design, and an engaging aesthetic that effectively communicated the brand's personality while simplifying complex user flows
